EDUCATION

● NETWORK ENGINEER

Vocational High School 6
Mataram
2015 - 2018

● BACHELOR OF COMPUTER SCIENCE

University of Bumigora
2018 - 2022

EXPERIENCE

● TECHNICAL SUPPORT

From August, 15th 2021 to February, 28th 2022 | CV. Data Digital Indonesia
I Work as technical support in dewahoster.co.id and I do solved client problem with their own domain and hosting. Sometimes I help client solved their website problem especially website that use WordPress.

● FULL STACK DEVELOPER

From March, 1st 2022 until now | PT. Bumigora Karya Mandiri
I Work as Full Stack Developer in bumigorashop.com I developed, maintained and built the bumigorashop website from scratch, assisted by my friend as a designer. Bumigorashop exists to help people market their various products.

● FREELANCER

From August, 22nd 2023 until now
I take on various types of work here, such as web and mobile app development, depending on the client's needs. Some of the websites I've worked on during my freelance journey include hotel booking systems, company profile websites, hosting order systems, remote VPN setups, Mikrotik management using Mikhmon, and VPS deployment.

PROJECT

GOOGLE CLONE (2021)

I try to copy [Google](https://www.google.com) website from how its look until seaching web, and I made it with react.js, tailwindcss and google search api.

LUXSPACE (2022)

[LuxSpace](#) is end of project course from [BWA](#) I buid the web from scratch base on the design in figma and I made it with HTML, CSS and JavaScript.

AROMA BUMI (2022)

[Aroma Bumi](#) is end of project course from [Progate](#) I buid the web from scratch base on the design in figma and I made it with HTML, CSS and JavaScript.

POKEMON CATCH (2023)

[Pokemon](#) is fun project that I build from scratch using public API and I made it with HTML, CSS and JavaScript.

LINA BOUTIQUE VILLAS & SPA (2023)

[Lina Boutique Villas & Spa](#) is freelance project for booking hotel in kuta and I made it with WordPress and third party for payment gateway.

THE LOMBOK VILLAS (2025)

[The Lombok Villas](#), this website was created through a connection

S O C I A L

 Rizky Adi Satria

 @rkydst

established with Lina Boutique Villas & Spa. The owner of this site is a relative of the team behind Lina Boutique, and this collaboration is part of an ongoing partnership focused on the development of villas in Lombok. We are proud to be part of the same network, working together to create exceptional accommodation experiences on this beautiful island.

TUNNELS (2025)

Tunnels, is a freelance project I developed using the MERN Stack (MongoDB, Express.js, React.js, and Node.js). The website is fairly complex, featuring a comprehensive company profile, a detailed product catalog, user registration and login system, an admin dashboard, purchasing system, integrated payment gateway, and API support for the listed products. This project showcases both frontend and backend functionalities, tailored to deliver a seamless user and admin experience.
